Subject: Exemption request DOT-E 12844

request for
Additional
info

Importance: High

Mr. Starner:

In an effort to complete the review and processing of your organization's application, we require the submission of additional information detailing the "laser etching" of the packaging similar to that contained in DOT-E 11506. Please note that before we granted this specific criteria for AUTOLIV they were required to submit supporting test documentation attesting to the packaging's robust design.

If you would like to discuss this matter further please contact me at your earliest opportunity.

Thank you in advance for your co-operation.
